

Series1

Cleaning Instructions

- For general cleaning and superficial dirt, use a disposable wipe with a solution of warm water and neutral detergent
- Do not use abrasive or phenolic based cleaners
- To disinfect in situ, use a 0.1% sodium hypochlorite solution (1,000ppm chlorine)
- Where blood or body fluids are present first remove deposits with a paper towel, rinse and then apply up to 1% sodium hypochlorite solution (10,000ppm chlorine)
- Thoroughly rinse and dry the cover before re-use or storage
