Size	90 x 203 x 20cm
Pump size	31 x 12.5 x 21cm
Pump weight	2.5kg

Series3 Auto

Cost-effective, fully automated, pressure relieving mattress.

Highly versatile, pressure-relieving mattress that offers excellent value for money. Its automated calibration ensures that cell pressure is constantly adjusted according to the end user's weight and position in bed.

Cell-on-cell air cells

The bottom cells act as basic pressure support to prevent bottoming out in case of power failure.

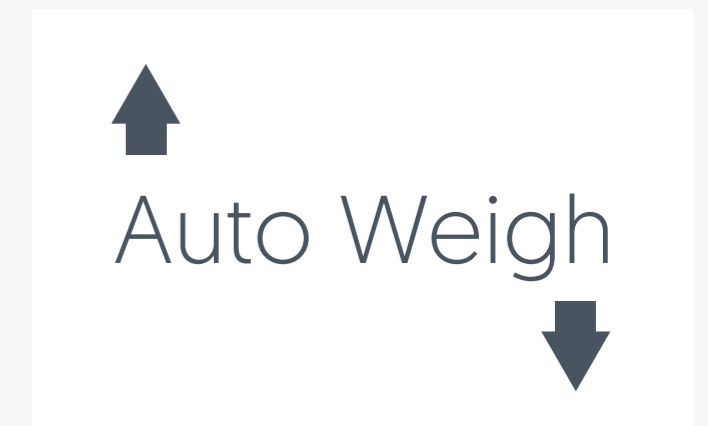

Quick connector

Instantly switch to static air mattress for transportation needs once the cap is in place.

Auto weigh

To fine-tune the pressure and optimise patient's comfort.

4-way stretch PU / polyester cover

Fluid resistant, low in shear and vapour permeable top cover, providing the protection needed for skin from friction and moisture.
