Bentley

Contemporary recliner hospital chair with contoured comfort back.

Designed for general comfort the OSKA Bentley is ideally suited to general Ward use & day care settings. This contemporary recliner hospital chair with contoured comfort back also has limited seams & simple lines to assist with infection control processes.

Tilt-in-space

The tilt-in-space action reduces the risk of shearing by maintaining a constant angle between the hips, knees & ankles.

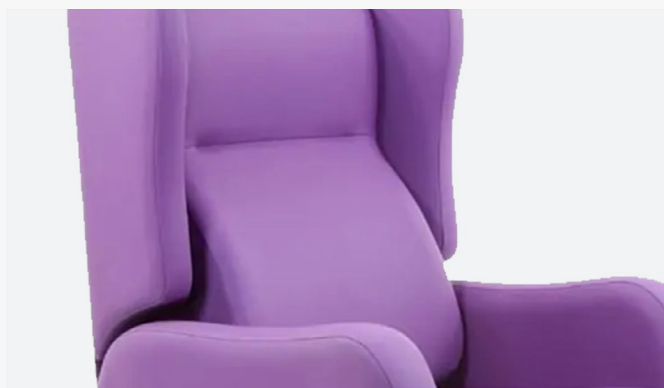

Custom upgrades

askOSKA how the Bentley may be upgraded with different fabric options, head cushions/rolls, pressure management seating, magnetic handset & more.

Contoured comfort back

Contoured back provides comfort and postural support with the option for additional headrests for added relief.

4 lockable castors

Keep the chair in a stable position when stationary with all 4 heavy-duty castors locked.
