# Apollo Olympus Bariatric Folding Bed

**Stylish, robust, easy to use full electric profiling bed.**

Combining ease of handling & functionality with an attractive design.

## Easy to use handset control

Multi-functional lockable handset. Single button control to install & fold away after use.

## Auto-regression

Auto-regression to increase comfort when activating the backrest whilst reducing shear/friction forces.

## 3 bar full length safety side rails

Full length side rails in homely wooden effect.

## Transport mode

Folds electrically, meaning it can be delivered & installed by one person. This will save a considerable amount of time & reduce the likelihood / risk of back injury during process of installation.
