OSKA® Academy

Innovation Centre & Showroom

At the heart of our extensive R&D programme, is the close relationships we have with some of the UK's leading Tissue Viability Nurse Specialists & eminent complex wound clinicians. Designed to simulate the healthcare environment, OSKA's multi-purpose Innovation Centre allows us to work in partnership with care providers to drive innovation in care. These collaborative partnerships underpin our commitment to designing & manufacturing world class pressure care solutions, driven by cutting edge technology and innovation. We listen so you can have what you need to save nursing/ carer time, save costs & electricity & improve patient clinical outcomes.

How to find us...

Edward House
5 Penner Road
Havant, PO9 1QZ
